

MADHABDEV UNIVERSITY

(A State University established under the Assam Act No.XXXV of 2017)
Narayanpur, P.O. Dikrong, Dist. Lakhimpur, Assam, PIN 784 164

Prof. (Dr.) Dibakar Chandra Deka M.Sc., M.Tech., Ph.D., DTIT, D.Sc., FRSC

Vice-Chancellor

and

President, Association of Chemistry Teachers

Homi Bhabha Centre for Science Education, Mumbai

Message

The **Periodic Table of Elements** is central to all branches of Sciences, Engineering and Technology especially to chemistry and life sciences. Its discovery 150 years ago by **Dmitri Mendeleev** was a landmark discovery which helped the scientists to predict properties of many other unknown elements and subsequently led to their discovery. The appreciation of the Periodic Table remains at the core of the academic and professional progress, on the Earth as well as in Space.

United Nations has proclaimed **2019 as the International Year of the Periodic Table (IYPT 2019)** to celebrate the **150th Anniversary of the Discovery**. I congratulate **IARC Centre for United Nations** for promoting **IYPT 2019** in India through lectures, events and a special course. I urge students and educators in India and across the globe, to be a part of the **IYPT 2019 India Program** celebrations.

A handwritten signature in black ink, appearing to read 'D. C. Deka', written over a horizontal line that extends to the right.
